Mötet öppnas 17:35

Vad har hänt sedan förra mötet?

- KU8
- PL Möte
- Möte om DatE-IT med styrelser
- Ordfmöte

Den kommande veckan:

- Sektionsmöte

Diskussioner:

- “Godkänna Kontrakt med Ericsson”
 - *Bakgrund*
 - *Kontraktet mellan sektionen och Ericsson har uppdaterats och kontraktet med dessa förändringar måste godkännas av styrelsen förrän ArmIT kan skriva under.*
 - *Diskussion:*
 - *Det står att vi ska ha 4 möten med Ericsson under 2020, borde det inte stå 2021?*
 - *Då ArmITs nomineringar är vakantsatta har vi funderat på olika scenarion där vi kanske inte har ett ArmIT. Så som det här kontraktet är skrivet kan endast ArmIT uppfylla IT-sektionens del. Det hade vart mer stabilt om en annan part från sektionen hade kunnat agera i ArmITs plats om nödvändigt.*
 - *Hade det inte vart bra om Ericsson var införstådd i vår söksituation innan de skrev på kontraktet?*
 - *Corona har hindrat oss från att hålla kandidatmiddagen men vi lovar en plats på den i kontraktet.*
 - *Det finns en klausul som säger att om något inte kan uppfyllas kan något likvärdigt förses i framtiden. Så det löser sig.*
 - **Beslut:**
 - **Kontraktet godkänns, men med följande föreslagna justeringar**
 - **Byt “4 möten under 2020” till “4 möten under 2021”**
 - **Lägga till att andra parter från sektionen, t.ex. styrIT, kan representera ArmIT i detta kontrakt**
 - **Föreslå att ArmIT meddelar Ericsson om situation att det är svårt att få ett nytt ArmIT.**

Mötet avslutas 19:06

Partnership Agreement between the Student Division Software Engineering at Chalmers and Ericsson

To improve the contact between IT-students and Ericsson it is very important to establish good relations with the company early. With a strong presence at Chalmers, Ericsson is given a great opportunity to meet future employees and give students an insight into what Ericsson does and what they have to offer.

ArmlIT will through their channels and presence at the Software Engineering student division make sure that Ericsson is seen as the main partner as well as a potential employer for students studying IT.

This partnership ensures that ArmlIT will continuously work to develop new ideas and possibilities to promote Ericsson at the student division Software Engineering at Chalmers.

This contract is valid from 2021-01-01 until 2021-12-31

This agreement includes the following:

- If there is a DatE-IT 2021, Ericsson will get an exhibition area at the career fair DatE-IT 2021. The cost for DatE-IT is not included in the contract.

Price: The price is not determined yet, therefore ArmlIT can't give a price.

- Two lunch seminars, with the possibility to exchange lunch seminars to an event of equal price.

Price: 30 500 kr (15 250 x 2) (Price is including food for 100 students).

- One lunch seminar for newly admitted students during one of the four reception weeks.

Price: 15 250 kr (Price is including food for 100 students).

- One mingle evening event during 2021 either at Chalmers campus or at Ericssons premises (for example a quiz night, pub evening).

Price: 17 000 kr (Price is including food and drinks for 30 students and location rent at Chalmers).

- One extra mingle event is also added for at no extra cost for 2021 as Ericsson was not able to use it for 2020.
Value 17 000 kr (Price is including food and drinks for 30 students and location rent at Chalmers).

- Two stand events during a few hours either in “Hubben” or right outside. For example “tenta-kit” handouts or coffee handouts.

Price: 8 000 kr (4 000 kr x 2)

- Online marketing toward IT students.
 - Free ads to promote Ericsson (for example, master thesis, summer internships, full-time employment, competitions Ericsson is hosting etc.) at www.chalmers.it, ArmIT’s facebook page and as posters in Hubben.
 - Ericssons logo will be included in www.chalmers.it and will be denoted as main partner of the software engineering student division.

Price: 15 000 kr

- Main sponsor of “Nollmodulen”, Ericssons logo will be included in a central position and will be denoted as main partner of the information technology student division.

Price: 7 000 kr

- Main partner and pre-mingle arranger of the software engineering student divisions bachelor dinner. This includes
 - 4 tickets to the dinner
 - The possibility to hold a speech
 - Large logo and text in the menu and song booklet (50 words)
 - Logo on the event image used on posters and on social media
 - Up to 10 company representatives attending the pre-mingle
 - Responsible for pre-mingle drink

Price: 40 000 kr

Note:

Due to the restrictions set by Folkhälsomyndigheten the 2020 bachelor dinner was cancelled. The invoice for 2021 will exclude the cost for the bachelor dinner as Ericson paid for the dinner in the contract for 2020.

Other:

Contact with Ericsson

- One kick-off event with ArmIT and Ericsson (possibly together with DAG). Beyond this, ArmIT and Ericsson will have three meetings 2020 (one each quarter, and one kick-off).
- ArmIT is responsible for inviting the Ericsson representative to these quarterly meetings.
- ArmIT is responsible for assembling a Ericsson contact group shortly after the new ArmIT committee is elected.

If contract points are not met :

If any party materially violates any provision of this Agreement, the other party shall be offered one equivalent to the agreement at another time, or alternatively substitute the other party for those parts of the agreement that have not been fulfilled.

Force majeure :

- Neither party to this agreement shall indemnify the other party for any damage or financial loss which arising from strike, fire, war, natural disasters or other circumstances beyond the control of the party and which the party could not reasonably be expected to expect and / or whose consequences the party could not reasonably avoid or overcome.

Total: 132 750 kr - 40 000 kr - (For main partnership agreement ArmIT gives 20% off)

Price for main partner: 74 200 kr
