## MASTER RECEPTION COMMITTEE | ACTIVITY REPORT 2019 | LP3

Last December, we held our *aspning* event: a Yule dinner at Kuggen for the Master programmes as well as members of the institution. With an estimate of 60 attendants (up from last year's 14), it should be considered a well-received and resounding success.

Unfortunately, though the event was well received, it does not seem to have translated into further interest in joining MRCIT. We have kept up reception/promotion up but have struggled to maintain the traction.
