

# Operational Plan

## MRCIT LP1

### General Information

The MRCIT team has been planning several key meetings and executed them with good results. Many of the meetings have been focused to make sure that communication with other committees and contact persons have worked well and that our agenda for the Masters' reception was specified to be precise and clear. These meetings during the summer and the week before the reception proved to be vital to the success of the events that we had planned. All the meetings that MRCIT has always ended with positive outcomes and good communication between everyone in the team.

In addition to the meetings we have been doing some other important activities:

- MRCIT group photo and individual photos.
- Lunch events together.
- Scouting for restaurants for the reception.

### Arrangements

Since the last Section Meeting the MRCIT has executed and performed the following events with some really good results:

- **Introduction Session** - First day morning, August 29th
  - **Island trip with food and games** - September 10th
  - **Barbeque with PRIT's help** - September 3rd
  - **Intro for Island Trip and Trivia Games** - September 8th
  - **Board Game Night** - Wednesday, August 31st
  - **Lunch lecture with company** - September 2nd
-
